DHARANI A

Senior Mobile Application & Full Stack Developer

dharanianbarasan@gmail.com +91 8940072214

CAREER OBJECTIVE

Full Stack & Mobile Application Developer with 1+ year of professional experience in designing, developing, and deploying scalable web applications and cross-platform mobile applications using Laravel, Flutter, PHP, MySQL, REST APIs, and modern development technologies. Experienced in leading development teams, backend architecture, API integration, database optimization, and delivering high-quality enterprise solutions.

WORK EXPERIENCE

CroZen Info Technologies, Trichy — June 2026 – Present

Mobile Application & Full Stack Developer

- Designed and built cross-platform mobile applications using Flutter, integrating REST APIs, authentication, and third-party services.
- Developed and maintained scalable web applications using Laravel, PHP, and MySQL for enterprise and client-facing solutions.
- Led the development of CRM, HRMS, ERP, examination, and business management systems, implementing modules for employee management, lead tracking, payroll, and workflow automation.
- Built secure RESTful APIs and integrated payment gateways, cloud services, and external APIs to enhance application functionality.
- Optimized database queries, application performance, and backend architecture to improve scalability, reliability, and response times.
- Tech Stack: Python, Frappe, Flutter, Dart, PHP, Laravel, JavaScript, MySQL, REST APIs

Freshora Digital Technologies, Trichy — May 2025 – May 2026

Mobile Application & Full Stack Developer

- Developed responsive web applications using HTML, CSS3, Bootstrap, JavaScript, PHP, and Laravel for client projects.
- Built and maintained cross-platform mobile applications using Flutter and Dart, integrating REST APIs and backend services.
- Developed backend modules with PHP, Laravel, and MySQL, implementing CRUD operations, authentication, and database optimization.
- Integrated RESTful APIs, third-party services, and payment gateways to improve application functionality and user experience.
- Collaborated with cross-functional teams to develop new features, resolve bugs, and deliver scalable web and mobile applications.
- Tech Stack: HTML, CSS3, Bootstrap, JavaScript, PHP, Laravel, MySQL, Flutter, Dart, REST APIs

PROJECTS

Buildours Invoice | Mobile Application

- Developed a complete cross-platform business management mobile application using Flutter, enabling businesses to manage billing, inventory, customers, and daily financial operations.
- Implemented modules for invoice generation, GST billing, sales and purchase management, inventory tracking, customer and supplier management, expense tracking, and financial reports.
- Designed responsive and user-friendly UI screens to streamline business operations and improve the overall user experience.
- Integrated REST APIs with the Laravel backend for secure data synchronization, authentication, and real-time business data management.
- Optimized application performance and collaborated with the backend team to deliver a scalable and reliable business management solution.
- Tech Stack: Flutter, Dart, PHP, Laravel, MySQL, REST APIs

Siragugal | Mobile Application

- Developed a complete cross-platform mobile application using Flutter from UI design to deployment.
- Designed responsive and user-friendly UI screens for a seamless mobile experience.
- Integrated REST APIs with the Laravel backend for secure data management and synchronization.
- Implemented core application features, authentication, and performance optimizations.
- Collaborated with the backend team to deliver a scalable and high-quality mobile application.
- Tech Stack: Flutter, Dart, PHP, Laravel, MySQL, REST APIs

TaakShift Customer & Partner App | Mobile Application

- Developed the TaakShift Customer and Partner mobile applications using Flutter and Dart.
- Designed responsive UI screens and integrated REST APIs for seamless communication with the backend.
- Implemented user authentication, service booking, order tracking, profile management, and real-time application features.
- Optimized application performance, resolved bugs, and ensured a smooth user experience across Android devices.
- Collaborated with the backend team to deliver scalable and production-ready mobile applications.
- Tech Stack: Flutter, Dart, PHP, Laravel, MySQL, REST APIs

School CRM | Full Stack Developer

- Developed a complete School CRM for managing student records, examinations, fees, and academic activities.
- Built modules for exam scheduling, notifications, and result management for students and staff.
- Implemented fee structure and fee payment management with automated reminders and reporting.
- Developed a homework management system enabling teachers to assign and track student submissions.
- Integrated REST APIs and optimized the backend for secure, scalable, and efficient school management.
- Tech Stack: PHP, Laravel, MySQL, Bootstrap, JavaScript, REST APIs

CroZen HRMS | Full Stack Developer

- Developed a complete HRMS with modules for employee attendance, task management, payroll, and project management.
- Implemented employee check-in/check-out with automated login and logout time tracking.
- Built daily work report, payslip generation, and project assignment modules.
- Developed deadline notification features for pending and overdue project tasks.
- Optimized backend performance and integrated REST APIs for seamless data management.
- Tech Stack: PHP, Laravel, MySQL, Bootstrap, JavaScript, REST APIs

SKILLS SUMMARY

Languages: Dart, JavaScript, PHP, Python, MySQL, HTML, CSS
Frameworks: Flutter, Laravel, Frappe(Learning), , Bootstrap
Databases: MySQL, MariaDB, phpMyAdmin
Tools: GitHub, VS Code, Wix, Figma, Android Studio, Postman, Xampp
Soft Skills: Communication, Time Management, Teamwork, Problem Solving

EDUCATION

National College, Trichy **July 2023 – April 2025**
M.Sc. Computer Science

Shrimathi Indhra Gandhi, Trichy **August 2020 – April 2023**
BCA
